

Summer Reading Requirements Grade 6

Please read a novel of your choice this summer that is at least 200 pages in length and at or above your grade level. I have left the choice up to you because I believe that summer reading should be fun and entertaining while practicing your skills.

Please write summaries for each chapter in a composition notebook to be turned in on the first day of school. The summaries should consist of concise, well thought out sentences. Each chapter should have at least one paragraph that is 4-6 sentences.

At the end of the novel, please write your opinion as a review of the book. Reveal the parts of the story that made you like it, love it or hate it. Please use quotes to support your reasoning. This final review piece should be approximately two to three paragraphs long and will be shared with the class (read aloud by you) when we return in August.

Enjoy reading and happy summer!

Ms. Curley
